Page 1: Overview

Headline KPIs, yearly encounters and encounters by class, with the zero-coverage callout.

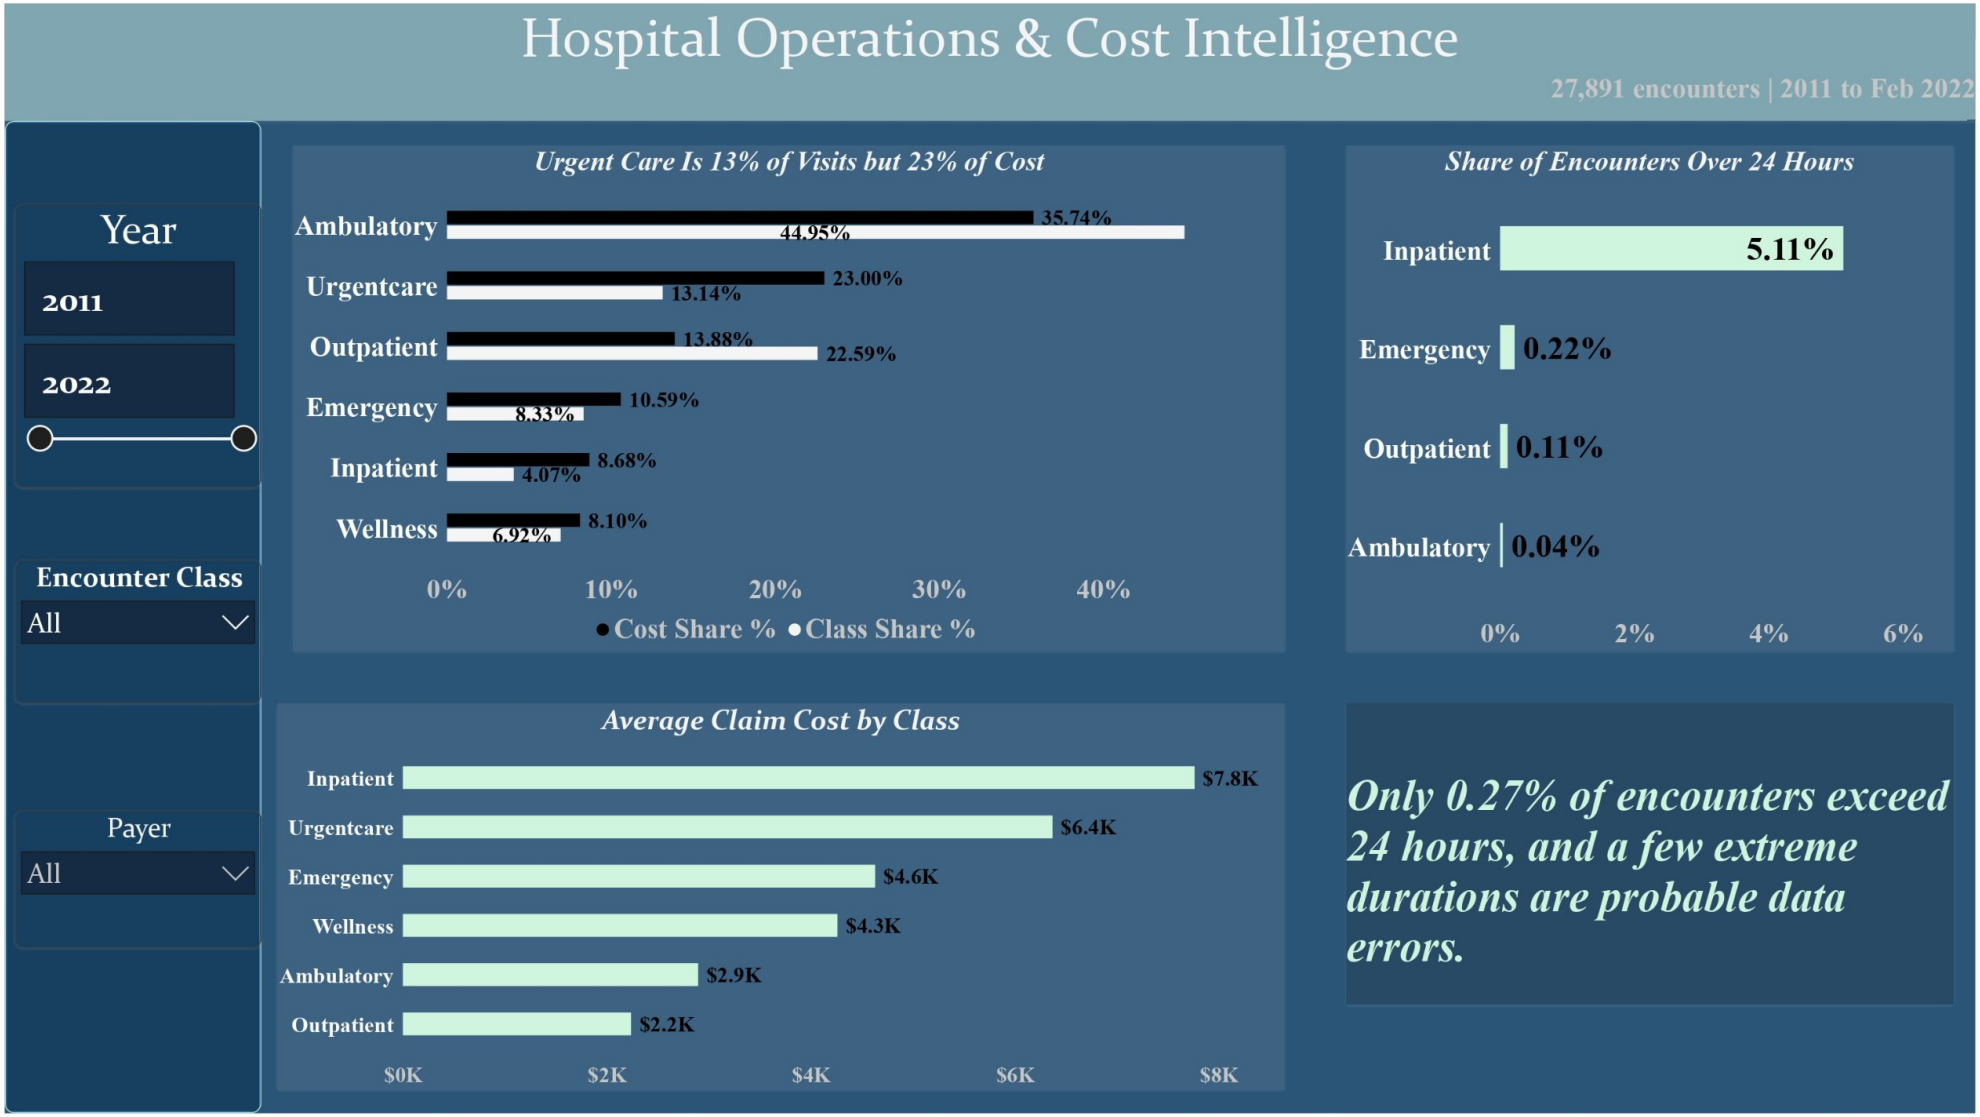

Page 2: Volume Trends

Encounters peaked in 2014 and recovered after 2020; 2011 and 2022 are partial years.

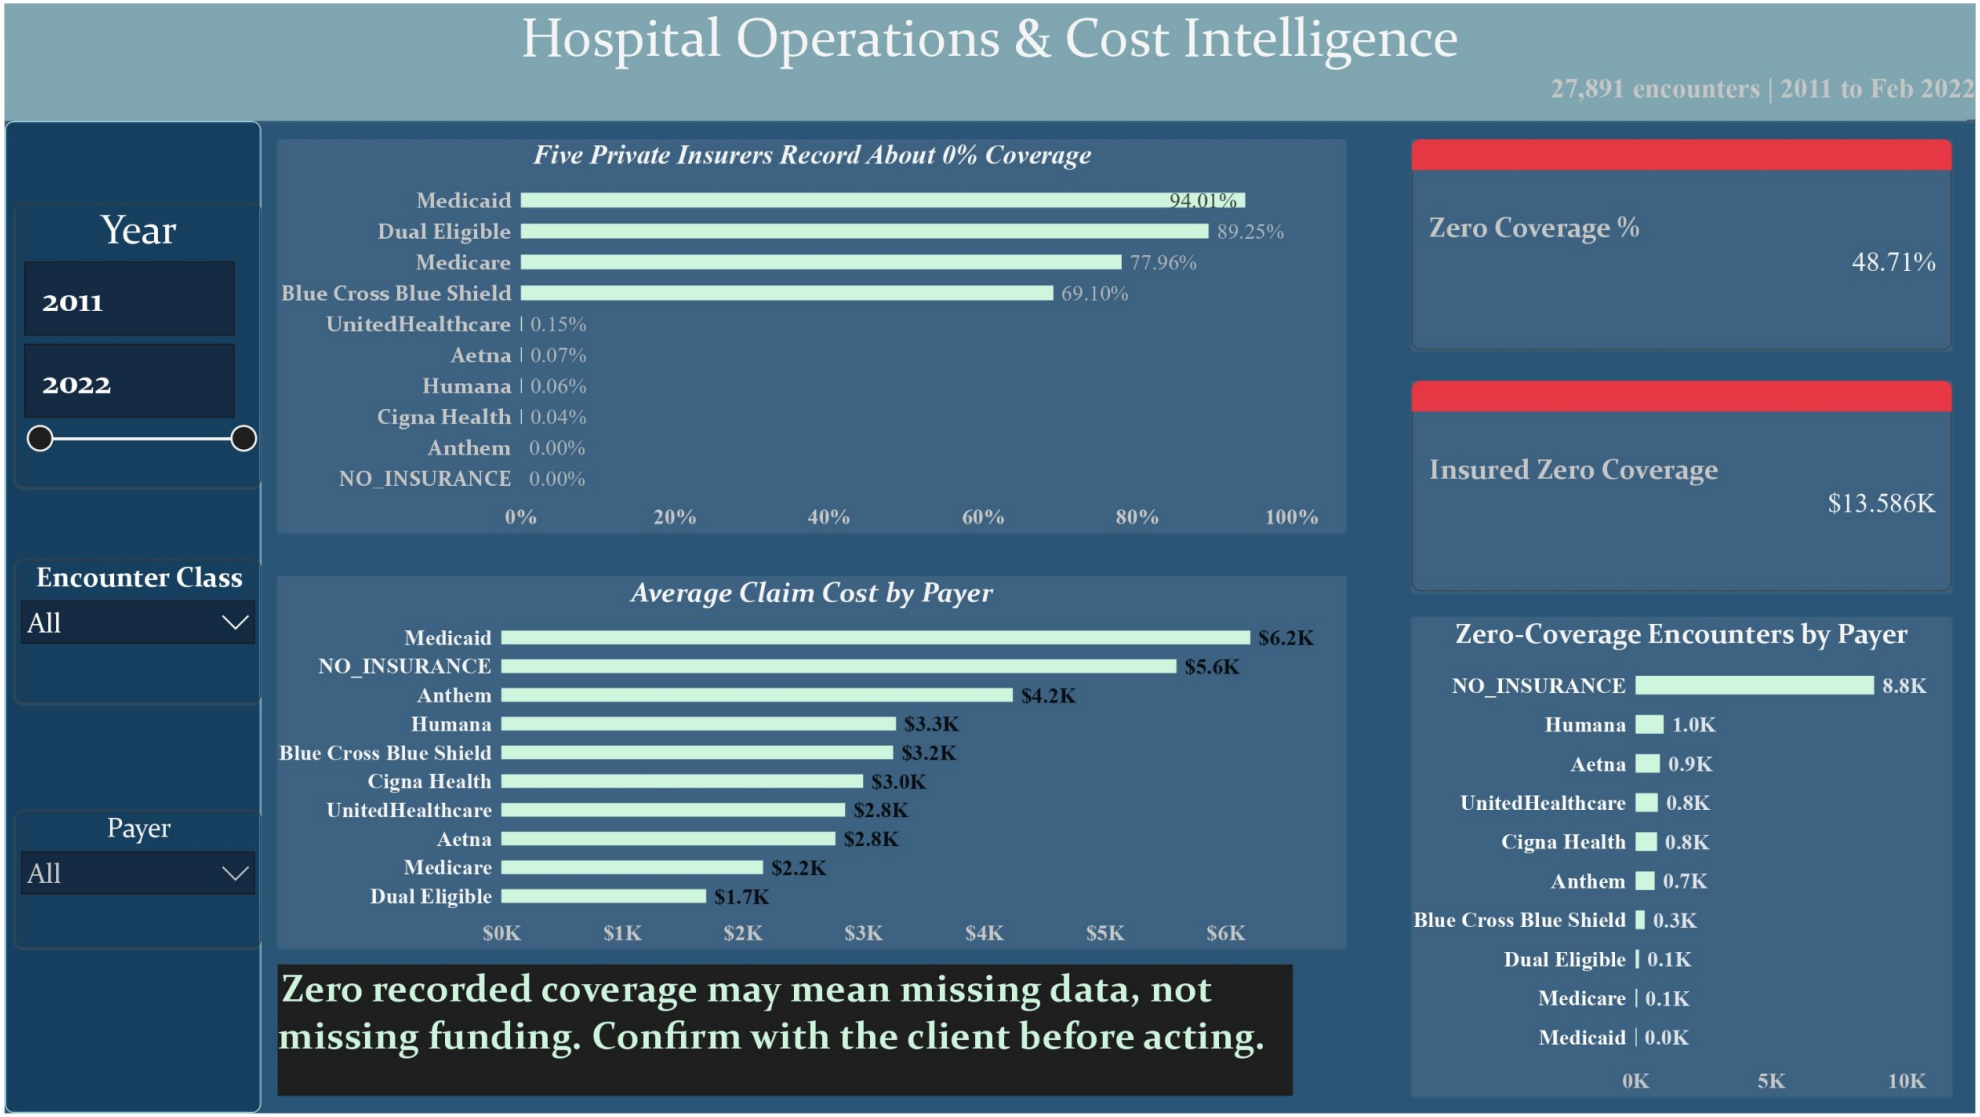

Page 3: Encounter Class and Cost

Urgent care is 13% of visits but 23% of cost; over-24h share by class.

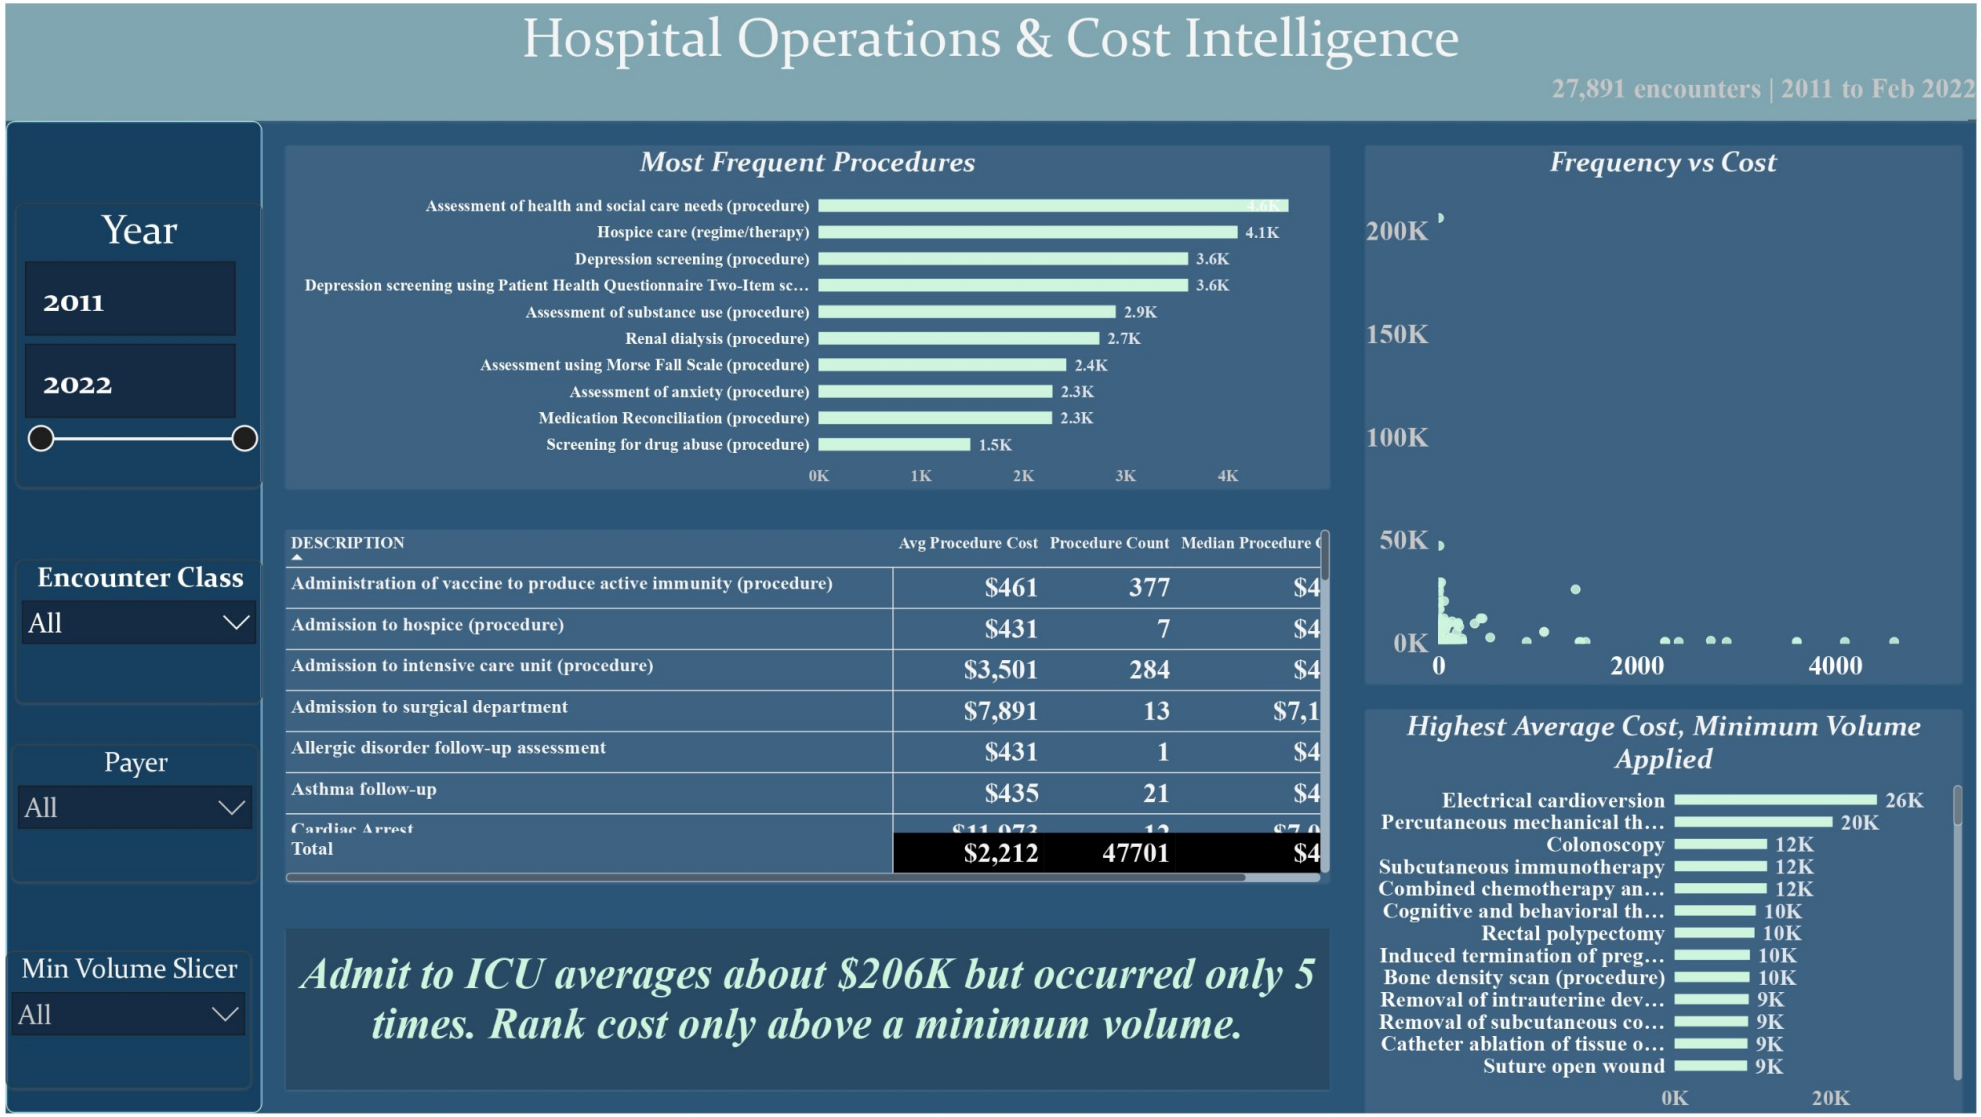

Page 4: Payer Coverage

Five private insurers record about 0% coverage; zero coverage may mean missing data.

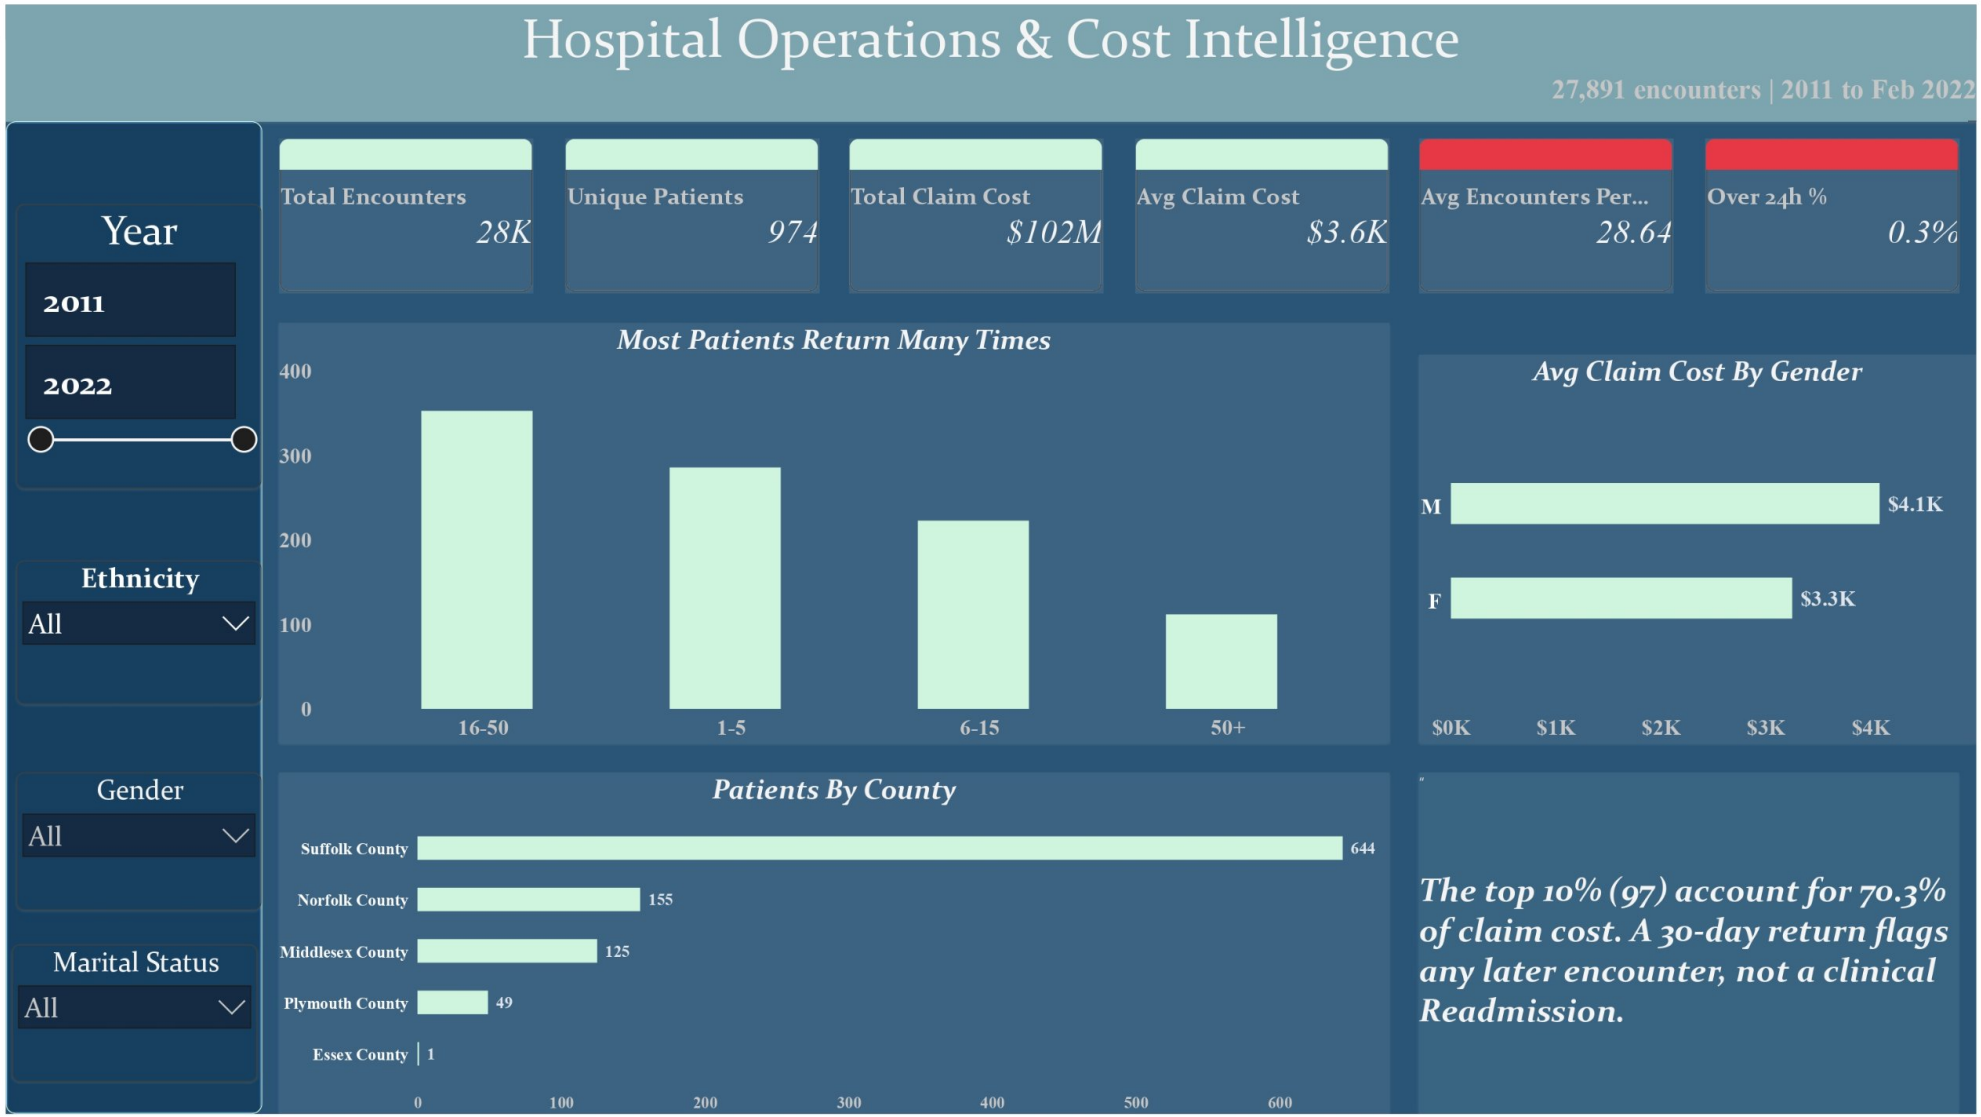

Page 5: Procedures

Most frequent procedures, frequency vs cost, and cost ranking with a minimum volume.

Page 6: Patient Flow

Who our patients are and how often they return.

Page 7: Recommendations

Four actions with finding, benefit and limitation.
